

# First Glance Volunteer Needs

First Glance is an outreach ministry to the Kenmore community of Akron, Ohio. Within this ministry we have several programs and serving opportunities. We realize that First Glance could not function without the many volunteers who give their time week after week.

## Thursday & Friday Nights:

Each night we open for the students in the community. Approximately 180-200 Jr and High school students come to hang out, play games, eat pizza, and more. Through these activities our leaders build relationships with the students in hope of connecting them to Christ and the Church. Some of our volunteer needs on these nights are:

- Leader - Come on Thursday or Friday to maintain order and build relationships with students.
- Concessions Server - People to help sell and serve the snacks.
- Bouncer - People to stand at the door and keep students out who are trying to return or not allow students in if they are too old/young to be there.
- ID card creator - Someone to enter students information into a computer for their ID's.

## Skate Night:

Every Tuesday evening from 6:00-10:00 we have a skateboarding night for the students with approximately 25-35 students attending. Our volunteer needs for this night are:

- Leader - This person would help facilitate this night. Ability to skateboard is not necessary.
- Concessions Server - We need people to help sell and serve the snacks.

## Not Having Sex Club:

Every Tuesday from 6:30-8:00 girls gather as we teach them how to value themselves. Ultimately this is an abstinence program. Our volunteer needs are:

- Leader - These woman are to invest in the young ladies and help with the teaching and trips.

## Teen Moms:

Every Tuesday from 4:00-6:00 we have a teen moms program. This is for any young mother who wants more information on how to care for their babies. Our volunteer needs are:

- Leader - Someone who will invest in the teen mom's as they come. Give them advice, encouragement and a listening ear.
- Baby Sitter - This person simply helps watch and play with the babies while the moms are learning and discussing parenting.

## Cleaning Crew:

First Glance needs people who are willing to clean twice a month. Each evening we clean and sweep, but we need some more rigorous cleaning done periodically. The schedule for this is very flexible.

## Maintenance Crew:

Periodically repairs and renovations need made on some of the equipment at our facility and the facility in general. We are always in need of people who can help build, repair, or paint. These occur on more of an "as needed" basis, so we are looking for people we can call when the needs arise.

## Mission Statement:

To connect students and their communities to Christ and the Church through real, loving non-threatening avenues.
